Dear Examiner Pregetter:

In reply to the Written Opinion mailed 15 September 2000 in the above-identified PCT application, please consider the following remarks and the attached replacement claim pages 14 and 15, which replace original claim pages 14, 15, and 16, and replacement drawing pages 3 and 5, which replace original drawing pages 3/5 and 5/5. Claims 1-6 (3 independent claims, 3 dependent claims) remain pending in the application.

In the Claims

This Reply cancels claims 7-15, without prejudice or disclaimer. Applicant submits replacement pages 14 and 15 indicating the cancelled claims.

In the Drawings

Applicant submits minor corrections to Figures 5 and 9 and respectfully requests the Examiner to accept the corrected replacement Figures. Applicant believes that the insertion of reference signs into Figures 5 and 9 is fully supported by the original disclosure and does not constitute new matter.
